

LEZIONE 1

LE DIECI PAROLE PREFERITE

- 1 In groups of 3 (student **A**, **B**, **C**). Each group writes a list of "favorite" words in Italian. You can use the words from **LEZIONE 1** or any other. All the students write.
- 2 Create different groups: one of students **A**, one of students **B**, one of students **C**. The new groups read the different lists and select 10 "favorite" words.
- 3 Each student goes back to their initial group and shows the list of point 2. The initial group selects 5 "favorite" words.
- 4 At the end, with the teacher, students vote the **10** favorite words of the whole class. Write a list all together.

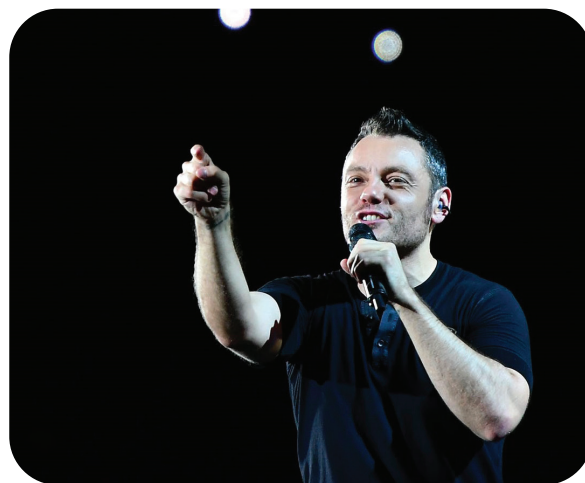

LEZIONE 2

PRESENTARE UNA PERSONA

- 1 In pairs (student **A** and **B**). Think of a famous person (still alive) that you love, for example: an athlete, an actor / actress, a singer, a scientist etc.
- 2 Each student looks for different information:
 - student **A** collects personal details (the name of the person, where he / she is from, where he / she lives, their job, their age, etc)
 - student **B** looks for pictures or videos related to that person.
- 3 Write a presentation together, then present it to your classmates. You can use paper, your mobile phone or a software like PowerPoint.
